HINSDALE BRANCH A. R. C.

Report of the Chairman of the Nursing Committee

Through the effort of the nurse, Miss Eva M. Fortier and Dr. J. Harvey Grimes of Hillsboro a most successful dental clinic was established this past year, the work being done in the Red Cross room. It is hoped all who supported it and many others, will avail themselves of the opportunity and value it afforded and cooperate this year.

A very ill World war veteran was accompanied by the nurse in an ambulance, to the Veterans' hospital in Connecticut in October.

A class in First Aid is now being held at the Firemen's hall for that group, under the instruction of the nurse. Any suggestions which might better the efforts of the committee would be gratefully received.

Respectfully submitted,
EVA N. FAY.

JESSE W. FIELD,
Chairman of Hinsdale Branch, A. R. C.

Nursing Service Annual Report for 1934

Social service,	69
	1,728

Schools 116 hours, office 187 hours, travel 196 hours.

12 children were operated on at the adenoid and tonsil clinic in Keene, N. H.

Dr. J. Harvey Grimes of Hillsboro, N. H., conducted a dental clinic in the Red Cross rooms. 123 operations on the school children's teeth were performed.

In May, I wrote, and produced a Health Play in the Grange hall.

I supervised and decorated a Health Float for the American Legion parade in Brattleboro, Vt.

I attended two County Public Health Nurses Meetings in Keene, N. H., and the State Teachers and Nurses Convention in Manchester, N. H.

I attended the Home Hygiene Institute in Franklin, N. H., given by the head of the Red Cross Home Hygiene Service of Washington, D. C.

I wish to thank the doctors, superintendent of schools, teachers, selectmen and the people of Hinsdale for their cooperation and consideration in my work.

Respectfully,
EVA M. FORTIER, R. N.

The circulation has increased again this year, making an increase of over 10,000 in the last eight years. In this connection it is interesting to compare the circulation of our library with that of libraries in some of the other towns of the state as shown by the following figures:

		1933		
Town	Income	Population	Hours	Circulation
Hinsdale,	1,595.99	1,757	21	30,040
Charlestown,	884.47	1,644	9	12,059

Winchester,	2,239.90	2,183	15	27,796

Two ERA workers were alloted us by the State Library Commission and the extra assistance was much appreciated. An inventory was taken and every book was cleaned and put in its proper place and many were mended and recovered. All shelves were cleaned, including those in the cellar. Part of the catalogue was checked with the shelf list and it is hoped this work will be continued until the catalogue is put in order.

Miss Annable and her field worker visited the library in January and made a number of suggestions, one of which was to have a sign swing from the corner of the building, giving the name of the library.

The library hours are as follows, open every day except Sunday and Thursday afternoons from 3 to 5 and every evening except Sunday from 6.30 to 8.30.

School children are expected to do their reference work in the afternoon and this has relieved the overcrowding at night.

We need new chairs and the walls and ceilings are very dirty.

LUELLA M. C. STREETER.

AUDITORS' CERTIFICATE

This is to certify that we have examined the books and other financial records of the school board of Hinsdale, of which this is a true summary for the fiscal year ending June 30, 1934, and find them correctly cast and properly vouched.

H. R. WEEKS,
E. D. PLANTIER,
Auditors.

July 30, 1934.

live among us and become the foundation of Hinsdale in the future; and for these people we could do a much better job with a form of vocational training. The best example of this is shown in the fact that since September we have lost 20% of the people in our Junior class, not for lack of scholastic ability because they had gone through two years of the school and had received their credits, but because we could not, with the present facilities offer them what they needed in the educational line.

It costs Hinsdale less than $75 per pupil to keep the pupil in school for one year, but it costs the state of New Hampshire around $300 to keep a man or woman in jail. When the schools function correctly the jail goes out of business.

We are pretty fortunate in Hinsdale in having a Juvenile Court which understands the danger of sending boys and girls to a reform school. We may be proud of our Juvenile Court record in this way.

With added facilities the educational system in Hinsdale could be made to practically prohibit any necessity for a Juvenile Court; as in the training of citizens within the school system, if sufficient interest can be obtained to keep the pupil within the school, and if this training be adequate socially, mentally, and physically, the finished product stays out of jail because interest may be found in legal fields; in other words, he has been shown to use all if his ability to such an extent that illegal procedure is unnecessary. Such an individual is actually self supporting and physically and mentally stronger; and this group, to a great extent, should be made up of our non-privileged pupils.

There is grave danger of a serious auto accident at the foot of the hill below the school when school lets out; at noon time especially. In this same line the grade school on Bridge street is in perhaps more serious danger of an accident in front of their school than is the High School. Police protection and traffic regulation might save some child from injury or death.

We have improved the outward appearance of our school buildings. A coat of paint and a lawn has helped perhaps more than some can imagine, in the fact that instinctively all of us are proud of a nice looking public ground and building. Internally our system of ventilation might be improved, as at present some pupils have to sit near open windows and some must sit near radiators; which is bound to result in coughs, colds, grippe, and pneuomnia. The teacher cannot be held responsible, as fresh air is necessary. It would help our physical record to have a change in the system of ventilation.

A course in personal hygiene for both girls and boys is needed. This should be given by a physician.

There is available in town at the present time a building which could be used as a gymnasium and for school parties, this has been neglected in the past for lack of proper physical equipment. The building referred to is that formerly occupied by the Leach Manufacturing Company.

We may be well pleased with the record of our graduates of the past years who have entered other schools and colleges, as we have had no failures and the rank percentage has been extremely high. These people have worked hard and have shown that comparatively they have been well trained. It seems that our representative venture should be in the training of those who are not privileged to go elsewhere to school and who, in the course of a few more years, will probably become one of us, as most of this group find employment in, and live in Hinsdale.

Respectfully submitted,
CLEON B. JOHNSON,
Headmaster, Hinsdale High School.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Hinsdale:

I have the honor to submit herewith my tenth annual report.

Buildings and Grounds: During the months of March and April (1934) all of the buildings in use were painted on the outside. This work was completed with the cooperation of the Federal Government, the School Board furnishing the materials and the government the labor. The well at the Monument School was consummated by the same arrangement.

Several entirely unanticipated expenditures have been encountered but if we have no more this year, the budget will stand the strain. First, new grates had to be purchased for the high school boiler, costing over $200. Both boilers in the central schools are archaic and it is getting difficult to get parts for them. They have about served their day. Sooner or later they will have to be replaced. I sincerely hope that they will last until we have a modern and satisfactory school plant for our children. We lack adequate playgrounds, assembly hall, gymnasium facilities for health and social programs, as well as room and facilities for broadening the curriculum offerings in our high school. Second, during the freshet early in January, the pipe carrying water to the Bridge Street building was swept away by the ice in the river. Third, the spring water supply for the high school froze.

In the near future we should acquire additional land at the Monument School for a suitable and adequate playground.

Teachers and Pupils: Several changes are to be noted in the teaching staff. Miss Brunel resigned and Miss Taylor was transferred from the Plains School to the Monument. Miss

Veronica Fitzgerald of Manchester, a graduate of Plymouth Normal School was secured for the Plains. In the fourth grade, Miss Edna Freihofer resigned to accept a more lucrative position in Claremont. Miss Doris Foxlow, a graduate of Plymouth Normal who had been teaching for four years in Spofford, was engaged to fill this vacancy. Matrimony claimed Miss Yaloff from Grade 6 and her place is taken by Miss Mary Shea of Manchester, a Plymouth graduate of several years experience.

In the High School, two vacancies were filled. Miss Caroline Howard, a graduate of the University of Vermont with a year's study in France, took the place of Miss Marion West as teacher of French and Latin. Miss Estelle T. Pray of Portsmouth, a graduate of the New Hampshire University, was engaged as teacher of Home Economics in place of Miss Dorothy Frost. Thus the staff was completed for the current year.

Beginning with the current year, a school bus was put in operation carrying the children from the north part of the town to the High School. I believe this to be a wise move on the part of the Board in that it makes it possible for all children to have the advantages of the High School and Junior High School and all are transported in an approved manner.

The schools are well staffed and the work being accomplished is a high standard of quality.

The outstanding need in Hinsdale is for a suitable plant. We have cement roads and are on the way to an excellent water and sewage system. All these are important and add greatly to the comfort and health of the community. In the onward march of progress, we should not overlook the health, safety and educational welfare of our youth. In this connection, I want to quote what I wrote last year: "But, in urging your thoughtful consideration of the needs of the high school, you will not overlook even more deplorable conditions to which the youngest and most tender of your children are subjected in the Bridge Street building. I have faith enough to believe that ere long, Hinsdale people are going to provide their children with ade-

quate facilities that we all can take pride in. I believe that the real solution is a single plant to properly house all the children with adequate space for recreational life and adequate provision for assemblies and physical development."

In conclusion, I must again express my sincere appreciation to the teachers and pupils, to the School Board, and to the parents and patrons of our schools for the loyalty and cooperation that has been evident all along the line.

Respectfully submitted,
WESLEY H. DOUGLASS,
Superintendent of Schools.
